New Projects

School in Shatila: We have raised sufficient funds to open and run a second school for the next 12 months. We are now finalising arrangements for our new premises in Shatila Camp, enabling us to expand educational access for the many children currently excluded from formal learning opportunities.

EPIC Youth: we have just received notification of funding from Al Madad Foundation for this 6-month pilot project (starting in September), which aims to combine digital skills education, football and mentorship to empower, protect, inspire & challenge refugee youth who are at risk of exploitation and/or radicalisation.
